

**New Bedford – November 2021**

Eversource has finalized the steady state analysis and shared the results with customers November 4<sup>th</sup>. Eversource is proceeding with the dynamic studies. Eversource is expected to finish the dynamic analysis by December followed by a customer presentation on the dynamic analysis in January.

Eversource's intention is to keep all customers regularly informed (at least monthly) on the progress and discuss any significant risks or concerns Eversource encounters during the analysis. Factors that may impact the completion schedule and associated activities include but are not limited to: base case modeling issues; DER stability model issues; solution development for potential adverse system impacts; and/or significant Member Impact changes requiring review.
