

Plainfield Blandford – August 2021

Eversource is completing a draft of the dynamic analysis including a review of the mitigations required and will present results to management. When the analysis is completed, we will share the findings with group members.

Eversource's intention is to keep all customers regularly informed (at least monthly) on the progress and discuss any significant risks or concerns Eversource encounters during the analysis. Factors that may impact the completion schedule and associated activities include but are not limited to: base case modeling issues; DER stability model issues; solution development for potential adverse system impacts; and/or significant Member Impact changes requiring review.

Eversource expects to provide results to customers this Fall.
