

Your Work Request number:

Your Designer:

Complete all sections of this form so Eversource can prepare an easement for you. Print information clearly. If a section does not apply to you put N/A on that line. Incorrect or incomplete information may delay installation.

If the requested service line will cross properties owned by others, the owners of those properties will need to complete their own application. Make copies of this form if you need extras.

SECTIONS 1 - 3 ARE FOR INFORMATION REGARDING THE PROPERTY THAT WILL REQUIRE AN EASEMENT.

SECTION 1	STREET ADDRESS (of property requiring easement)			CITY/TOWN		ZIP CODE
	Provide the Tax parcel ID for this property (available at your town office):			MAP:		LOT: <input type="text"/>
	<hr/>					
	<hr/>

	STREET ADDRESS OR PO BOX		CITY/TOWN, STATE		ZIP	
<p>Mail this <u>completed application</u> and a <u>copy of your recorded deed</u> (all pages) using the provided envelope. If the envelope is missing, mail to Eversource – Attn. NH Service Easements using the following addresses:</p> <p>U.S. Mail: PO Box 330 – Manchester, NH 03105 Next Day or Courier Service: 780 North Commercial Street, Manchester, NH 03101 E-Mail: NHServicesEaseApp@eversource.com</p>						

What is an easement?

An easement is a privilege that you, the property owner, grant to us (and sometimes the local phone company), which allows partial use of your property to place and maintain facilities needed to provide you with service. When you grant a service easement, you are not selling Eversource that part of your property; however, your use of that portion of land is restricted. The easement will be recorded in the Registry of Deeds of the New Hampshire county in which your property is located. An easement does not expire. It remains connected to your land title unless it is released by Eversource (and phone company if applicable).

What is the process for getting an easement?

Complete the application and mail it with a copy of your recorded deed. Do this as soon as possible, even if you are months away from needing electric service. When all the required paperwork is received by Eversource, the easement will be drafted and mailed (or emailed) to you. You will need to sign the document before a Notary Public or Justice of the Peace. Once signed, you will need to return the original document to Eversource.

What happens if I don't sign the easement?

As outlined in the most current NHPUC Tariff (Electricity Delivery Service Tariff – Line Extensions – Customer Responsibilities), Eversource cannot provide permanent electric service to your property until the original easement document has been signed by you and returned to us.

How long will this process take?

Once all required documents (application, deed, tax map, and in-house plans) are collected, the request will be processed in the order received. Please be aware in the case of a major weather event and restoration efforts the process may be delayed.

What if I don't have a copy of my deed?

You can obtain a copy of your deed from the [Registry of Deeds](#) of the New Hampshire county in which your property is located (see list below). Registry personnel will help you find the document if you are unfamiliar with the process.

What if Eversource has to install equipment on my neighbor's property to access mine?

You will need to approach your neighbor and get permission from them to do so. If they are agreeable, they will also need to grant an easement to Eversource and complete an Easement Application.

Can I email you or fax my easement once it is signed?

No. To be accepted by the Registry of Deeds, the document must be a signed original.
