

## Acushnet to New Bedford Proposed Line Maintenance Project Upcoming Focus Group Meeting

Eversource Energy invites you to join an in-person event to discuss a proposed project in your area. The Acushnet to New Bedford Line Maintenance Project proposes to replace an existing underground transmission line in the streets of New Bedford and Acushnet that currently connects the Acushnet Substation on Beech Street to the Pine Street Substation on the corner of McArthur Drive. This project will utilize new, more environmentally friendly technology to assist with electrical energy reliability in your area. Throughout this event, we would like to discuss our proposed work, answer your questions regarding the project, and gain your valuable input.

### In Person Meeting

**Tuesday September 20th, 5:30 p.m.-7:30 p.m.**

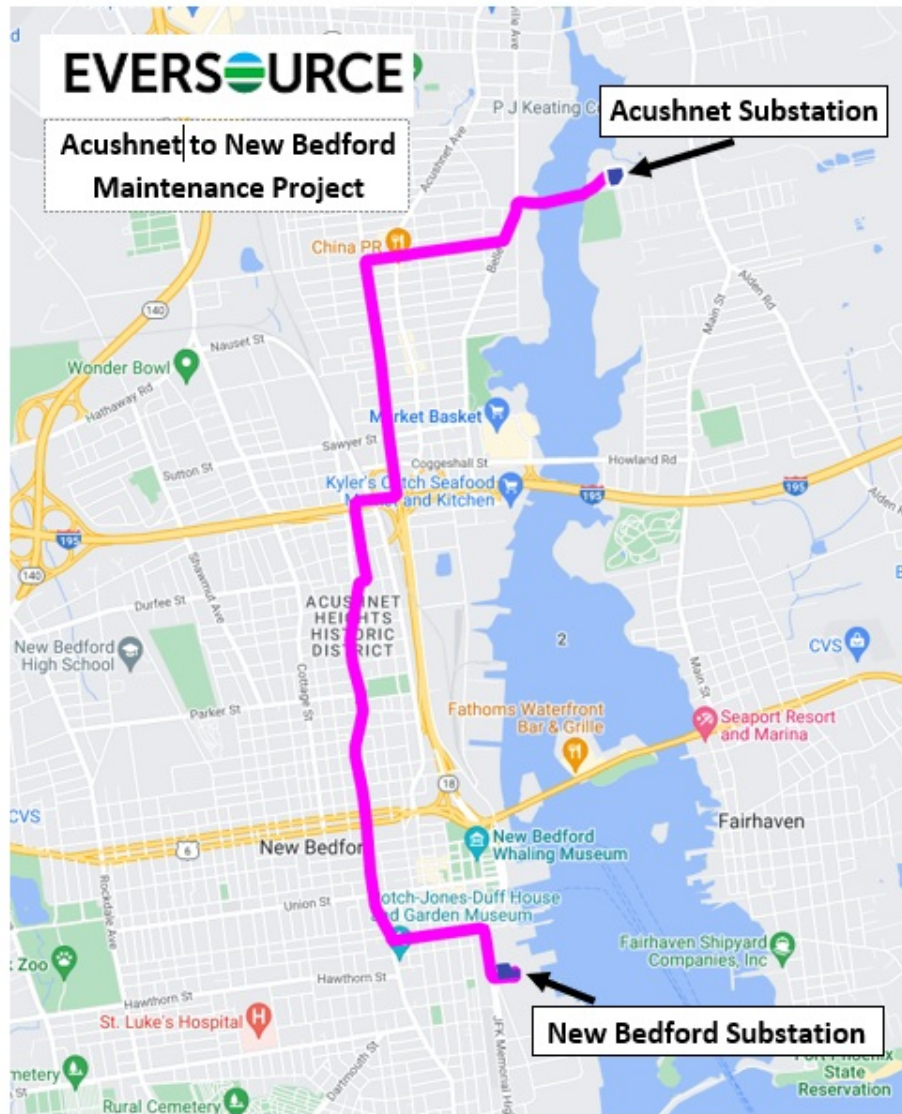

**Location:**

**The Roasted Pig Portuguese Restaurant  
98 Nash Road New Bedford, MA 02746**

**Appetizers will be served**

**We look forward to working with you as we plan for this proposed project!**
